

ABDUL HASEEB KHAN

FRONTEND WEB DEVELOPER • CMS DEVELOPER

Karachi, Pakistan | +92 347 2016853 | hahaseeb.k@gmail.com | LinkedIn | Portfolio

PROFILE

Frontend developer with 2+ years building production React and Next.js applications, focused on performance (SSR/SSG), responsive UI, and SEO. Experienced bridging modern JavaScript stacks with WordPress/PHP CMS solutions. Use AI-assisted workflows (Claude, Cursor) to ship features faster while maintaining code quality. Comfortable collaborating with designers, product teams, and stakeholders to deliver polished, production-ready work.

WORK EXPERIENCE

Associate Software Engineer atompoin

06/2024 - PRESENT

- Accelerated feature delivery by integrating AI-assisted development tools into React and Next.js workflows, increasing shipping velocity and reducing code defects.
- Built high-performance, SEO-optimized frontends using SSR and SSG in Next.js, improving page load times and search visibility.
- Managed full-stack delivery across modern and legacy systems, maintaining WordPress/PHP CMS platforms while building new products on Next.js.
- Designed polished, responsive UI/UX with Framer Motion animations and Tailwind CSS, delivering smooth interactions across all device sizes.

Trainee Software Engineer atompoin

02/2024 - 5/2024

- Built and customized client websites from concept to launch, translating business requirements into functional, on-brand designs.
- Improved site speed and performance through caching, image optimization, and code minification, reducing load times and bounce rates.
- Delivered seamless cross-device experiences, boosting mobile engagement and meeting accessibility standards.

PROJECTS

Atompoin — WordPress, PHP

Built and maintained Atompoin's website on WordPress/PHP, optimizing speed and SEO for a fast, responsive experience across devices.

Live: atompoin.com

Wakeel AI — Webflow

Built a responsive, animated marketing site for an AI legal assistant platform in Webflow, with clean UI and smooth interactions across devices.

Live: [Wakeel AI](#)
